CALIBRATION branch. Subbasin 3 is the catchment of WSC 08LG056, split out of subbasin 1.
Numbers are HRU IDs. Each HRU is one elevation band within one subbasin; HRUs 1 and 6 are the solar site.

Subbasin 3 drains to subbasin 1, and subbasin 1 drains to subbasin 2.
HRUs 12–15 are the parts of the original subbasin 1 bands (HRUs 2–5) that lie above WSC 08LG056;
HRUs 2–5 are what is left of those bands below the gauge. HRUs 1 and 6 (solar site) are unchanged.
